Nearly all the original plates in

RICHARDSON'S MODERN SCHOOL

have been retained in the new work; at the suggestion of many of the most successful Teachers, who have used original work for many years, a large number of more simple and progressive Studies, Exercises and Melodies ha been selected and added from the later and more modern works of Plaidy, Concone, Croisez, Heller, Beyer, Bertin Czerny, Hunten, Clementi, and others, which will enable the student to become familiar with the different styles of thes eminent musicians.

Selections have been made from Czerny's celebrated Letters on the Study of Music, which will prove of great val to the student. They are arranged under the following heads, viz.:

The best method of producing a fine quality of TONE.
Hints on Practice.
Expression.—Habits while playing.
On playing in the presence of others.
On Rhythm and manner of Phrasing.
The importance of the Scales.
Distribution of Hours of Practice.
Hints on practising New Compositions
On Extemporaneous playing.
On the Selection of Compositions best adapted for each Pianist.

The first principles of

HARMONY AND THOROUGH BASE

are briefly and clearly explained at the close of the work. The student will find that a familiarity with all the Chords will enable him to progress with much greater rapidity.

MODULATION.

As every young Pianist desires to gain some knowledge of Modulation, I have given 46 Examples of modulation from the key of C, to every other key, both Major and Minor.

Part 1. Containing the first 128 pages—of the New Modern School, will be found very useful to those who have not the time to pursue a complete course.

The subscriber has spent much time in preparing this new Edition, and earnestly hopes that the rules throughout the ork will be carefully observed, as a finished execution and a practical knowledge of music cannot fail to be the result.
